Requests are encouraged for funds to match awards from campus sources.

Eligibility

Only University of California employees eligible under the UC policy for Principal Investigator status may submit proposals in response to this Call¹. Postdoctoral researchers and students are not eligible. Only one proposal will be accepted from each Principal Investigator, and the same proposal may not be submitted to concurrent UC MEXUS grants competitions.

Prior to funding of new proposals, Principal Investigators and Co-Principal Investigators must complete previous awards in this program, and final financial and narrative reports must be filed and accepted by UC MEXUS. The project is expected to be completed within one year. UC MEXUS support of the project shall be acknowledged in proposals to extramural agencies and publications or conference materials that result, fully or partially, from the UC MEXUS grant. A copy of each proposal or publication must be provided to UC MEXUS. Brief narrative and financial reports may be required.

Budgets

Awards of up to \$1,500 will be provided for a one-year period. Allowable expenses include:

- Domestic and international travel—including transportation, lodging, and meal expenses—for UC Principal Investigators, project participants, research assistants, conference participants, or visiting scholars or artists.
- Research supplies and services.

Items that will not be funded include:

- Salary payments to the Principal Investigator or other academic salaries, except student research assistants in areas directly related to the project (no tuition remission may be included).
- Equipment purchases, including computers, computer parts and accessories.
- Indirect costs or institutional overhead assessments.
- Reimbursement for activities that occur before the project period begins.

¹ Consult the UCOP eligibility requirements on the UC MEXUS website under “Resources.”

Submission of Proposals

All proposals must include an original set of the following items:

- Cover Page with contact information, abstract, and signatures (form available on pp. C-4 and 5)

- For travel related to organizing and/or inviting participants to meetings, seminars, or courses, include a program and any promotional materials.

In addition, forward copies as appropriate to the Chair of the Principal Investigator's Department, Dean of the College or School, and participating researchers for the project.

Deadline for Receipt of Proposals

To be considered, proposals must be received not later than 5:00 p.m. on the following dates:

Monday, February 4, 2008: For grants beginning March 1, 2008.

Monday, June 2, 2008: For grants beginning July 1, 2008.

Monday, October 6, 2008: For grants beginning November 1, 2008.

Late or incomplete proposals, faxes, or electronic submissions will not be accepted. Proposals postmarked by the deadline but received later will not be accepted.

Review Process and Criteria

Proposals will be reviewed and award decisions made by the director of UC MEXUS. UC MEXUS may request outside review. In addition to such standard review criteria as clarity, quality, and feasibility of the proposal, UC MEXUS will assign importance to the significance of the proposed project for society and for the advancement of scholarship in the discipline(s). *Travel to conferences will be considered only when the request is related to reporting the results of previous UC MEXUS-funded research.* Requests for support of visiting scientists and scholars from Mexican institutions are especially encouraged when the visitor will help to initiate or to enhance a collaborative research relationship between the University of California and a Mexican institution.
